My coaches and my teachers gave me a chance to grow up and become more confident about who I am.

“ My fondest RMU memory is winning the Northeast Conference championship but graduating from college is the proudest and most important moment in my life. ”

I want to make a difference and I will not accept no for an answer.

“ My professors have been great. Classes are never very big and the professors take the time to get to know you. There are no limits to what you can do here...all you need to do is take a step, show interest and people will respond.”
